

## AUSLSA MODERN SLAVERY CO-LAB

SESSION ONE – 11 MAY 2023 – 12:00-1:00PM AEST

### PROGRAM

1. Our Modern Slavery Community of Practice - Context and scene setting (Robin / Richard)
2. Examples of sector collaborations around Australia, and reminder of the Chatham House rule  
Robin
3. Participant Introductions and progress with Modern Slavery actions and reporting (Two minutes per firm)
4. Guiding Principles for the Roundtable Intensives sharing Guiding Principles used by other industry collaborations  
Robin
5. Discussion and agreement of the proposed themes and potential guest speakers across the five workshops
  - Modern Slavery legislation; current, international & emerging
  - Current and emerging risks; risk data, audits and assessment
  - Modern Slavery statements; transparency, improvement, comparison
  - Knowledge and capabilities; skills gaps, education & supply chains
6. What next? How can the AusLSA participants collaborate to achieve sector-wide change, continuous improvement and supplier engagement in line with legislation, with 'next steps', directions and targets  
Facilitated discussion
7. Knowledge and skills gaps within the sector  
Facilitated discussion
8. Questions / Any Other Business  
All
9. Next Session  
Robin

---

## KEY WORKSHOP OBJECTIVES

- a) develop a collaborative environment for law firms to build relationships, discuss case studies, and share experiences with other modern slavery practitioners (with guest speakers where possible)
- b) offering leading practice information, case studies, resources and potential solutions to address a series of key issues that law firms need to understand and address to improve the impact of their modern slavery initiatives
- c) articulating a set of shared issues and actions that law firms should continue to collaborate on and with options about how this could be sustainably delivered
- d) developing a proposal for participants around the focus, features, benefits and resourcing for an ongoing / annual law firm modern slavery program featuring guest speakers and experts
- e) collecting resources are already available or can be developed in future, that can be hosted internally by AusLSA or externally (i.e. via Supply Chain School, other hubs).
